GREEN NICHE COSMETICS,
THE BEST SLOW AGEING
FORMULAS THAT NATURE
CAN OFFER YOUR SKIN

*"One touch of nature makes the whole world kin."
~ William Shakespeare*

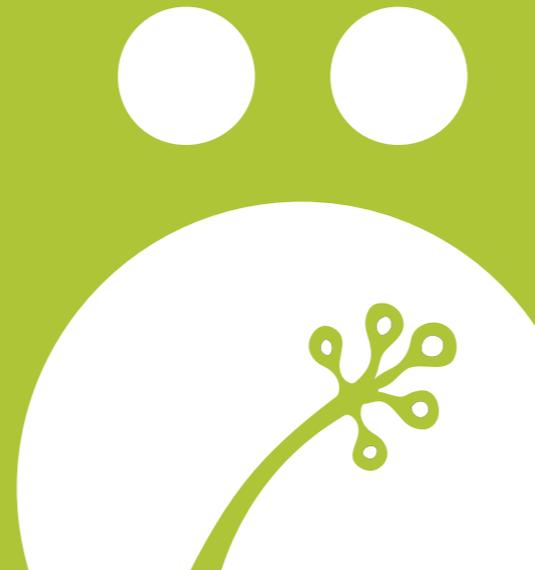

ADVANCED ORGANIC COSMECEUTICALS

Ami Iyök ecosmetics has designed an exclusive range of certified organic cosmeceuticals whose formulas contain the highest concentration of active ingredients to achieve maximum results. A unisex range of products in line with the concept of slow ageing, offering a number of unique treatments with one overarching goal in mind, namely, replenished, elastic, smooth and blemish-free skin.

The brand brings together a variety of ingredients, from liquid gold from the Amazon (Sacha Inchi Oil) whose application for international patent registration has triggered disputes between multinationals and international committees as a result of its properties that are highly beneficial for the skin, to traditional organic Mediterranean Olive Oil.

These are just two precious oils among the 44 active ingredients distributed among the entire range of products, which are formulated and combined in high concentration alongside high-tech active ingredients such as Argireline, Hyaluronic Acid (super low molecular weight) and Tens'Up™, a botanical and certified ingredient whose effect is comparable to retinol.

ENVIRONMENTAL COMMITMENT

The brand's **corporate environmental responsibility** and **smart ecological design**, concepts that go hand in hand, are hallmarks of its commitment to preserving the environment. Our goals in this regard are to reuse, reduce and recycle.

In line with this commitment, the brand uses **organic, eco-friendly packaging** (patented model). Featuring a patented, foldable and reusable design, it is made from poplar wood originating from certified plantations that are strictly controlled.

Our violet glass jars, made using biophotonic technology, block the entire spectrum of visible light, with the exception of ultraviolet light, allowing the passage of a small amount of UV-A and infrared radiation to guarantee optimum protection against the

ageing process caused by visible light and prolonging the shelf-life and effectiveness of our products.

Our formulas, both in their composition and in their components, are **free of GMOs, parabens, petroleum derivatives, phenols, phthalates** and any active ingredients that have not been **extracted through an enzymatic process** that respects the properties of the raw materials.

All our ingredients are 100% natural and organically grown, controlled by our own laboratories and by **EcoControl BDIH**, which together with the international certification **Natrue** and its strict standards, ensure the **traceability** and quality of our raw materials and our products.

CERTIFIED ORGANIC SLOW AGEING RANGE

At Ami Iyök ecosmetics we are well aware of the importance of the health of our skin in our lives.

We have therefore created a range of products in perfect **harmony with nature**: to harness its strength and vitality and transfer it to our skin as part of our daily routine, in an endeavour to weave a connection between organic and natural ingredients and our body, steering clear of artificial products.

Because the wrinkle formation process is very slow, treatment must start when the very first symptoms appear. For this reason, we believe in the concept of **SLOW AGEING**. We have created products for awakening, caring for, protecting and revitalising the skin to **prevent premature ageing**. Treating anti-ageing effects from every possible angle and with natural and certified active ingredients in a holistic manner.

Establishing routines and consistency in many areas of our lives are keys to success. We sometimes have to follow a series of unvarying guidelines to achieve **perfect and long-lasting results**. In the realm of cosmetics, we can accomplish extraordinary results by following simple, yet effective, practices.

GREEN SHAMAN

Bio-facial cleanser gel

Facial cleanser for daily use without soap or sulphates that cleanses, removes make-up, and restores and detoxifies the skin. Contains only organic ingredients in an oil-based gel.

Gently cleanses without irritating the skin, respecting its protective layer thanks to active ingredients such as the exotic micro-algae **Spirulina** – rich in vitamins, minerals and proteins – which has firming properties and helps prevent the appearance of wrinkles. **Sacha Inchi Oil** from

Low-molecular weight **Hyaluronic Acid**, derived from plant fermentation, complements the *slow-ageing* action, adding moisture and elasticity. **Açaí Berries** are a source of antioxidants that help combat premature ageing, nourish the skin and improve tone. **Camomile** soothes and, combined with the essential oil **Blue Tansy** – highly effective against microorganisms –, makes a powerful anti-inflammatory. **Bergamot**, a powerful antibacterial agent and disinfectant completes

the Amazon with Omega 3, 6 and 9, is a powerful antioxidant and helps keep skin softer. Cleansing **Castor Oil**, **Sesame Oil**, which relieves irritation and flaking, and **Olive Oil** bring skin nutrition, elasticity and anti-ageing action.

the cleansing. Its rich fragrance is invigorating, inducing a positive mood and a sense of well-being.

PURIFY, TONE, REGENERATE AND OXYGENATE YOUR SKIN

EXFONAT

Botanical facial exfoliator and cleanser

Scrub and natural skin oxygenator with natural mineral-rich **Bamboo Stem Extract** and ground **Coconut Shells** for gentle exfoliation, helping remove dead skin cells and stimulating the skin's natural cell renewal process.

Sacha Inchi Oil and **Olive Oil** restore the skin's

vitality, brightness and elasticity to protect the skin from external aggressions encountered daily.

The extraordinary combination of **Lemon** and **Peppermint** refreshes, softens and promotes cell rejuvenation, resulting in regenerated, smooth and healthy skin.

OCEANIK MASK

Purifying mask

Restoring mask formulated to purify, regenerate, nourish and oxygenate the skin, as well as to restore skin tone, with a combination of active ingredients from land and sea that afford unique properties and sensations.

Biologically-active Sea Mud and **Volcanic Clay** detoxify the skin and stimulate circulation as well

as regenerating, refreshing, reducing inflammation and purifying the skin, thereby achieving a new complexion.

The combination of **Hamamelis** and **Citrus Oils** regulates and maintains pH levels to protect the skin and achieve a uniform and firm complexion with immediate results.

ami iyök
ecosmetics

HIBISTONIC

Ultra-hydrating, antioxidant facial toner

Toner dermatologically tested on sensitive skin, which has an astringent, antiseptic and anti-inflammatory effect on skin and maintains internal cell balance.

The high level of antioxidants, provided by the combination of *Hamamelis* and

Ginkgo Biloba, help to minimise the adverse effects of free radicals on the skin.

Hibiscus-Eco inhibits elastin degradation, promoting skin elasticity and therefore delaying premature ageing caused by external and internal agents.

A YOUTHFUL LOOK WITH CUTTING-EDGE HIGH TECH BIOCOSMETICS

EYE SERUM GLAM

Eye contour repair serum

Organic serum for sensitive skin types to reduce the signs of fatigue and stress that show around the eyes. It combats and prevents the most pronounced expression lines in this area, as well as under-eye bags and dark circles.

The thinner and more delicate skin in the eye contour area calls for special care.

The active ingredients of *Malva Sylvestris* stimulate circulation and decongestion, and combined with *Aloe Vera*, *Sacha Inchi*, *Olive Oil* and *Rose Hip Oil*, a powerful cell regenerator with lifting properties, moisturise and nourish the skin, restoring a fresher and more youthful appearance.

Hyaluronic Acid with *Soy Proteins* and *Tens'Up™* produce an immediate and prolonged lifting effect, which your eyes will be thankful for on a day-to-day basis.

UNIFY YOUR SKIN TONE. ACHIEVE
RADIANCE, ELASTICITY AND VITALITY

MY PERFECT SKIN

Mattifying and unifying face serum

Serum designed to unify skin tone, close open pores and restore smoothness to display a healthy and silky complexion.

A carefully studied combination affords the serum many restorative properties: **Ginseng** and **Ginkgo Biloba** invigorate and rejuvenate the skin thanks to their antioxidant properties.

Gotu Kola, a magnificent cell regenerator, soothes and repairs damaged areas.

Aloe Vera, **Lavender** and **Rosemary** regulate bacterial activity, absorb excess oil and actively protect skin tissues.

Precious **Sacha Inchi Oil**, **Rose Hip Oil**, **Joboba Oil**, **Citrus Oils** and **Cranberry** stimulate the production of elastin and reconstruct the matrix of the cells, oxygenating and regenerating them.

ecosmetics

THE FIRST CERTIFIED ORGANIC ANTI-ACNE
COMPLEX

STOP SPOTS

Organic anti-acne complex

Serum formulated to balance, soothe and regenerate the skin, to prevent acne and to unify skin tone. It inhibits all the stages of acne formation without upsetting the skin's natural balance and preventing future outbreaks.

Manuka, on account of its high polysaccharide content, creates an unfavourable environment for bacteria, thereby achieving implacable

antibacterial power, which is combined with anti-inflammatory and anti-fungal properties.

The combination of **Tea Tree Oil** and **Cedar** creates a natural anti-acne complex, an effective skin regenerator and an oxygenator of cells with antiseptic and antibacterial effects. Together with **Lemon** and **Aloe Vera**, it acts as an astringent for acne-prone skin, slowing down the production of excess oil in the skin and lightening areas darkened by photoageing.

DEEPLY NOURISH AND COMBAT EXPRESSION LINES

DRYSKIN-OASIS

Anti-ageing face cream

Daytime face cream for dry skin that restores the skin's elasticity that is lost over time and protects the skin's layers from external aggressions encountered during the day.

The combination of **Olive Oil**, **Sachi Inchi Oil**, **Bamboo**, **Beeswax** and **Almond Oil** restructure and strengthen the skin, rebuilding its natural barriers thanks to the high concentration of **Vitamin E** and **Polyunsaturated Fatty Acids** that these active ingredients provide.

To enhance its effectiveness and visible results, the cream integrates the most cutting-edge technology in cosmetics: **Tens'Up™**, a plant tensor with a lifting effect and the innovative **Argireline**, known as "Light Botox" which has revolutionised the world of cosmetics on account of its extraordinary anti-ageing power. In addition, low molecular weight **Hyaluronic Acid** retains water and fills in expression lines, making it a complete cream to combat the signs of ageing.

IYÖKBALANCE

Balancing face cream

Cream for combination and oily skin types to balance the skin's pH level, producing an astringent effect on oil-prone areas and deeply nourishing the driest areas, thereby restoring the skin's homogeneity thanks to its main active ingredient: **Aloe Vera**.

In addition, **Macadamia Oil** and **Monoï Tahiti Oil** restore the elasticity, tone and turgor of devitalised skin. The combination of **Olive Oil** and **Sachi Inchi Oil** restructure and strengthen the skin, rebuilding its natural barriers thanks to the high

concentration of **Vitamin E** and **Polyunsaturated Fatty Acids**.

To enhance the effectiveness and the visible results, the cream integrates the most cutting-edge technology in cosmetics: **Tens'Up™**, a plant tensor with a lifting effect and the innovative **Argireline**, known as "Light Botox", which has revolutionised the world of cosmetics on account of its extraordinary anti-ageing power. In addition, low molecular weight **Hyaluronic Acid** retains water and fills in expression lines, making it a complete cream to combat the signs of ageing.

INTENSIVE NIGHT NUTRITION, GIVE YOUR SKIN THE SCENT OF PURE NATURE

ULTRARICH DREAM

Intensive night repair cream

Night cream that regenerates and prepares the skin for the following day, providing it with the care it needs and restoring the moisture lost during the day.

Its ingredients, which include **Shea Butter**, **Argan Oil**, **Olive Oil**, **Sacha Inchi**, **Almond Oil**

and **Beeswax**, produce a deeply nutritious and moisturising combination with hints of **Lavender**.

The active ingredients of **Indian Incense**, which repair and reduce inflammation, and **Bamboo**, with its restorative properties, enable you to wake up in the morning with replenished skin.

BODYBUTTER

Intensive body moisturiser

Body butter that is ideal for application after showering, as it deeply nourishes the skin, soothes irritation and itchiness, and helps to alleviate stretch marks by fading them and preventing their reappearance.

This is possible thanks to the combination of **Sacha Inchi Oil**, **Olive Oil**, **Soya**, **Citrus Oils**,

Aloe Vera and **Shea Butter**, which provide soothing and nourishing qualities, playing a part in inflammatory processes, reducing redness, itchiness and irritation.

In addition to their antioxidant properties, they enrich the skin with essential fatty acids, resulting in more elastic and moisturised skin.

ami iyök[®]
ecosmetics

THE FIRST CERTIFIED ORGANIC ANTI-CELLULITE CREAM

CELUCOMBAT

Anti-cellulite cream

This anti-cellulite cream made with an organic formula is the perfect complement for combating fluid retention and dissolving adipose tissue that accumulates on the thighs, buttocks and stomach.

Cocoa, **Caffeine**, **Fucus**, **Rusco** and **Lemon** work together synergistically to provide reducing, firming, draining, lipolytic and detoxifying

properties to enhance the cream's effectiveness.

Aloe Vera, **Shea Butter** and **Sacha Inchi** combined with **Gotu Kola** enhance the cream's anti-cellulite and firming properties, producing an ideal treatment that, with continued use, yields visible results in a short period of time.

RADIANT LEGS AND NECKLINE WITH ORGANIC OILS

PHOTOSHOP-OIL

Moisturising body sun oil with a golden glow

Sun oil which provides a unique and silky sunkissed glow, concealing small skin blemishes as well as cellulite, veins, scars and redness from hair removal, while moisturising thanks to the

organic **Monoï Tahiti Oil**. It contains sunscreen and golden minerals to obtain a gradual, safe and uniform suntan with a perfect finish.
